Today we will cover

- Mission
- Co-Occurring Services
- How to refer your clients

Our Mission

Park Center empowers people who have mental illness and substance use disorders to live and work in their communities.

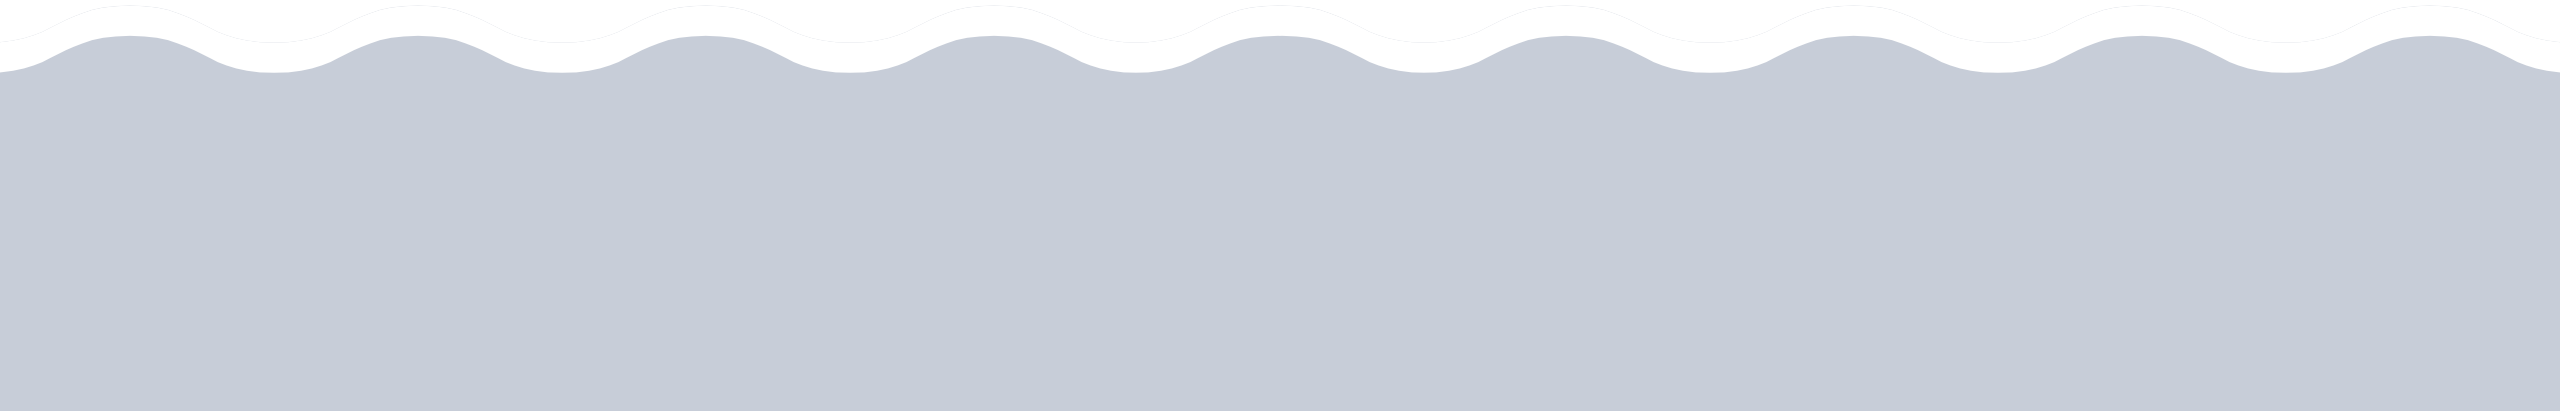

Who We Are

Park Center has been serving Nashville since 1984, providing a place for hope and recovery for people experiencing mental illness, addiction, and homelessness.

What We Do

Park Center provides support through treatment, housing, day programs, employment services and homeless outreach.

How Are We Different?

At Park Center, we believe that a person is not defined by their illness, so our programs promote wellness and recovery.

We refer to the individuals we serve as “members”, rather than clients or patients because they choose to work towards their own recovery.

Our History

1984 – Park Center opened its doors. It was designed to help individuals with mental illness work on their own recovery through the support of caring staff and the support of peers.

We began with 7 staff and 8 members.

Programs

Our Partners

Park Center has established partnerships with local organizations including Metro Social Services, Open Table Nashville, and Mental Health Cooperative among others.

Co-Occurring Services

Accredited by the Commission on Accreditation of Rehabilitation Facilities

Co-Occurring Services at Park Center uses a person-centered, strengths-based approach to treatment for individuals with mental illness and substance use disorders.

Co-Occurring Services consists of:

- Intensive Outpatient Program
- Outpatient Program
- Alumni Aftercare

Our programs incorporate Abstinence-Based Treatment, Harm Reduction Therapy, Motivational Interviewing, and Cognitive Behavioral Therapy approaches.

Intensive Outpatient Program (IOP)

1. IOP takes place Monday – Friday with a morning group from 9:00 am – 12:00 pm; we also offer an afternoon group Tuesday – Thursday from 12:30 pm - 3:30 pm. Although the program is generally 10 weeks, individuals may attend more or less dependent on their unique needs.
- IOP provides individual counseling, group counseling, and educational groups.

Individuals must meet the American Society of Addiction Medicine (ASAM) Patient Placement Criteria for this service.

Outpatient Program (OP)

- Outpatient Program is generally less than 9 hours per week and offers a more flexible schedule for individuals who are not able to attend every day of the week and who need less intensive services.
- OP provides individual counseling, group counseling, and educational groups.

Individuals must meet the American Society of Addiction Medicine (ASAM) Patient Placement Criteria for this service.

Group Topics

- Substance abuse triggers/symptoms/relapse prevention
- Mental health triggers/symptoms/coping skills/self-advocacy
- Recovery plan
- 12-step work
- Relapse prevention plan
- Self-care
- Trauma informed care
- Family systems
- Co-dependency
- Community engagement

Alumni Aftercare

Graduates of the IOP and OP programs continue to have access to groups for ongoing support.
